

## CORRESPONDENCE.

We do not hold ourselves responsible for the statements made, or opinions expressed by our correspondents.

## A Correction.

Mr. Editor: There is one statement in "Veritas" letter of Tuesday which requires a slight correction. Dr. Hyde did not hold services every Sunday at Kakaako. He had services to hold elsewhere. But he held them frequently there for a long time. Of late his activity has been confined to visiting there only. X.

## Mr. Bartholomew's Open Letter.

Mr. Editor: In an open letter from Mr. J. S. Bartholomew, to the Minister of Finance, published in your issue of this morning, relating to the Hawaiian Pacific Cable Co., certain statements are made which should be corrected. He states that "a local firm of merchants, on or about September 15, 1889, voluntarily became the agents for the Cable Co. at Honolulu." \* \* \* and that "at a subsequent date, as stated to myself by an official of the Interior department, a prominent member of this firm of the Cable Co.'s agents, appeared at the Government building armed with a power of attorney from the New York contractors of the rejected cable, and claimed the first instalment of \$8,000, which demand was of course properly denied." \* \* \* "Just why the Cable Co.'s agents should accept a power of attorney to press a claim against the company remains to be ascertained." The local Honolulu firm referred to is doubtless E. O. Hall & Son, as for some months past they have furnished materials and made certain advances to the Cable Co., but the statement that they have attempted to collect money from the Government is not true. E. O. Hall & Son, and no one on their behalf, have made any such attempt, nor have they had any power of attorney from any New York contractors relating to the matter. So far as I have been able to ascertain the facts, it appears that some time last year Mr. Bartholomew for Bartholomew & Baker, assigned to a New York firm, the first instalment of \$8,000—and that firm sent the same to an agent in Honolulu, and in August of last year he made inquiries at the Government building in regard to the matter, which was exactly what he should have done. E. O. Hall & Son were not parties to this and were in no way responsible for it.

There are other points in the letter referred to which might be touched upon, but I have not the time to enter into a discussion of this kind. Yours truly,

Wm. W. Hall.  
Pres. E. O. Hall & Son, Ltd.  
May, 27, 1890.

## Statement of Facts.

Mr. Editor: Will you kindly grant me a space in your paper for a statement of facts.

On the 23d August, 1889, I received from the Bishop Gutta Percha Co. of New York, an assignment of contract made between the Minister of the Interior and J. Sherman Bartholomew, and authorisation to collect the first payment of \$8,000 on the contract for the construction of "Inter-island Submarine Electric Telegraph Cables," which is signed by J. Sherman Bartholomew, and Bartholomew & Baker by J. Sherman Bartholomew, to the Bishop Gutta Percha Co. with their power of attorney to collect this amount for their account.

Under same date, I addressed the Minister of the Interior, informing him of my having received this power and assignment, and requesting him to notify me, when under the terms of the contract he would be prepared to pay this money.

This was done by me in my private capacity, acting for the New York company, and before Messrs. Bartholomew & Baker had contracted any debt with E. O. Hall & Son, and nearly five months before the Hawaiian Pacific Cable Co. was chartered.

I ask this in order that certain statements in the open letter of Mr. Bartholomew to the Minister of Finance may be explained and corrected. W. F. ALLEN.

## Hog and Poultry Remedy

A Certain Cure for the Diseases of

## HOGS AND POULTRY

1st. It puts your pigs in first-class condition.  
2d. It stops cough, and regulates the bowels.  
3d. It will keep sows healthy during pregnancy, and superinduce a sound progeny.

4th. It will arrest disease in every instance, if administered before the vital parts are beyond the reach of aid.

5th. It destroys worms and hastens maturity.

6th. It is a thorough preventive. Breeders who use it all the year round have no disease among their swine.

7th. It will repay its cost many times over in the extra pounds of pork it will make without extra feed. Hogs treated with it will gain two or more pounds, while others are gaining one. The reason is it regulates the digestive functions and enables the animal to convert every particle of food eaten into pork, involving no waste. Hundreds of testimonials from breeders in England, Germany, Scotland, Ireland, the United States, New Zealand, and Australia.

### TESTIMONIALS:

(Signed) J. N. WALTON, Birmingham, Eng.  
(Purveyor to H. M. the Queen and H. R. H. the Prince of Wales.)

"L. R. WOODS, Keene, Kentucky."
